Self-Help Guide

Qualtrics: Create, Customize, and Manage Surveys

This self-help guide is a starting point and resource for students, faculty, and staff who would like to use Qualtrics to develop survey projects. Many of the common features used by University Qualtrics users are on this page. However, this is not an exhaustive list of all Qualtrics functionalities.

University Qualtrics users can find additional helpful resources on the Qualtrics service page including: links to community groups, a technology overview, costs for the tool, and contact information for support.
