Create & Edit

Working with Content

General Content Tasks

Creating New Content

</services-technologies/how-tos/drupal-enterprise-7-creating-new-content>

Publishing Content

</services-technologies/how-tos/drupal-enterprise-7-publishing-content>

Scheduling Content to be Published

</services-technologies/how-tos/drupal-enterprise-7-scheduling-content>

Finding Pages

</services-technologies/how-tos/drupal-enterprise-7-finding-content>

Editing an Existing Page

</services-technologies/how-tos/drupal-enterprise-7-editing-existing>

Versioning of Content

Create a Draft of an Already Published Page

</services-technologies/how-tos/drupal-enterprise-7-create-draft-already>

Reverting to a Previous Page Version

</services-technologies/how-tos/drupal-enterprise-7-reverting-previous>

Understanding Page Versioning

</services-technologies/how-tos/drupal-enterprise-7-understand-page>

Removing Content

Unpublishing Content

[/services-technologies/how-tos/drupal-enterprise-7-unpublishing-content](#)

Scheduling Content to be Unpublished

[/services-technologies/how-tos/drupal-enterprise-7-scheduling-content-0](#)

Deleting Content

[/services-technologies/how-tos/drupal-enterprise-7-deleting-content](#)

Working with Text

Formatting Text

Types of Text Fields in the Content Form

[/services-technologies/how-tos/drupal-enterprise-7-types-text-fields-in](#)

Formatting Text in Rich Text Fields Using the Editor Toolbar

[/services-technologies/how-tos/drupal-enterprise-7-formatting-text](#)

Inserting Tables into Rich Text Fields

[/services-technologies/how-tos/drupal-enterprise-7-inserting-tables](#)

Copy/Paste into Rich Text Fields

[/services-technologies/how-tos/drupal-enterprise-7-copypaste-rich-text](#)

Working with Media

Adding New Media

Upload an Image Using the Media Module

[/services-technologies/how-tos/drupal-enterprise-7-lite-7-upload-image](#)

Upload Documents Using the Media Module

[/services-technologies/how-tos/drupal-enterprise-7-upload-documents](#)

Hot Link and Image Using the Media Module

[/services-technologies/how-tos/drupal-enterprise-7-lite-7-hot-link](#)

Embedding Video

Movie files should never be uploaded to Drupal. Instead, upload your movies to a

streaming media service (YouTube is the most popular service), and embed the movie in your content in Drupal.

Embed a Video Using the Media Module (YouTube or Vimeo)

[/services-technologies/how-tos/drupal-enterprise-7-embed-video-using](#)

Re-Using Media

All of your uploaded media (images, files, videos) will be stored in your Drupal files. You can easily re-use files on multiple pages.

Re-Use an Image Using the Media Module (Already Uploaded)

[/services-technologies/how-tos/drupal-re-use-image-using-media-module](#)

Re-use Documents Using the Media Module

[/services-technologies/how-tos/drupal-enterprise-7-8-re-use-documents](#)

Updating Existing Media

Finding Files Using the Content Tab

[/services-technologies/how-tos/drupal-enterprise-7-finding-files-using](#)

Updating Media

[/services-technologies/how-tos/drupal-enterprise-7-updating-media](#)

Removing media

Deleting Media From Your Site

[/services-technologies/how-tos/drupal-enterprise-7-deleting-media-your](#)

Working With Links

Working With Links

Types of Links in Your Content

[/services-technologies/how-tos/drupal-enterprise-7-types-links-in-your](#)

Linking to External Pages

[/services-technologies/how-tos/drupal-enterprise-7-linking-external](#)
