Create & Edit

Working with Content

General Content Tasks

Creating New Content
Publishing Content
Scheduling Content to be Published
Finding Pages
Editing an Existing Page

Versioning of Content

Create a Draft of an Already Published Page
Reverting to a Previous Page Version
Understanding Page Versioning
Removing Content

Unpublishing Content
/services-technologies/how-tos/drupal-enterprise-7-unpublishing-content

Scheduling Content to be Unpublished
/services-technologies/how-tos/drupal-enterprise-7-scheduling-content-0

Deleting Content
/services-technologies/how-tos/drupal-enterprise-7-deleting-content

Working with Text

Formatting Text

Types of Text Fields in the Content Form
/services-technologies/how-tos/drupal-enterprise-7-types-text-fields-in

Formatting Text in Rich Text Fields Using the Editor Toolbar
/services-technologies/how-tos/drupal-enterprise-7-formatting-text

Inserting Tables into Rich Text Fields
/services-technologies/how-tos/drupal-enterprise-7-inserting-tables

Copy/Paste into Rich Text Fields
/services-technologies/how-tos/drupal-enterprise-7-copypaste-rich-text

Working with Media

Adding New Media

Upload an Image Using the Media Module
/services-technologies/how-tos/drupal-enterprise-7-lite-7-upload-image

Upload Documents Using the Media Module
/services-technologies/how-tos/drupal-enterprise-7-upload-documents

Hot Link and Image Using the Media Module
/services-technologies/how-tos/drupal-enterprise-7-lite-7-hot-link

Embedding Video
Movie files should never be uploaded to Drupal. Instead, upload your movies to a streaming media service (YouTube is the most popular service), and embed the movie in your content in Drupal.

Embed a Video Using the Media Module (YouTube or Vimeo)
/services-technologies/how-tos/drupal-enterprise-7-embed-video-using

Re-Using Media

All of your uploaded media (images, files, videos) will be stored in your Drupal files. You can easily re-use files on multiple pages.

Re-Use an Image Using the Media Module (Already Uploaded)
/services-technologies/how-tos/drupal-re-use-image-using-media-module
Re-use Documents Using the Media Module
/services-technologies/how-tos/drupal-enterprise-7-8-re-use-documents

Updating Existing Media

Finding Files Using the Content Tab
/services-technologies/how-tos/drupal-enterprise-7-finding-files-using
Updating Media
/services-technologies/how-tos/drupal-enterprise-7-updating-media

Removing media

Deleting Media From Your Site
