Create & Edit

Working with Content

General Content Tasks

Creating New Content
/services-technologies/how-tos/drupal-enterprise-7-creating-new-content
Publishing Content
/services-technologies/how-tos/drupal-enterprise-7-publishing-content
Scheduling Content to be Published
/services-technologies/how-tos/drupal-enterprise-7-scheduling-content
Finding Pages
/services-technologies/how-tos/drupal-enterprise-7-finding-content
Editing an Existing Page
/services-technologies/how-tos/drupal-enterprise-7-editing-existing

Versioning of Content

Create a Draft of an Already Published Page
/services-technologies/how-tos/drupal-enterprise-7-create-draft-already
Reverting to a Previous Page Version
/services-technologies/how-tos/drupal-enterprise-7-reverting-previous
Understanding Page Versioning
/services-technologies/how-tos/drupal-enterprise-7-understand-page

Removing Content

Unpublishing Content
Scheduling Content to be Unpublished

Deleting Content

Working with Text

Formatting Text

Types of Text Fields in the Content Form

Formatting Text in Rich Text Fields Using the Editor Toolbar

Inserting Tables into Rich Text Fields

Copy/Paste into Rich Text Fields

Working with Media

Adding New Media

Upload an Image Using the Media Module

Upload Documents Using the Media Module

Hot Link and Image Using the Media Module

Embedding Video

Movie files should never be uploaded to Drupal. Instead, upload your movies to a streaming media service (YouTube is the most popular service), and embed the movie in your content in Drupal.

Embed a Video Using the Media Module (YouTube or Vimeo)
Re-Using Media

All of your uploaded media (images, files, videos) will be stored in your Drupal files. You can easily re-use files on multiple pages.

Re-Use an Image Using the Media Module (Already Uploaded)
/services-technologies/how-tos/drupal-re-use-image-using-media-module

Re-use Documents Using the Media Module
/services-technologies/how-tos/drupal-enterprise-7-8-re-use-documents

Updating Existing Media

Finding Files Using the Content Tab
/services-technologies/how-tos/drupal-enterprise-7-finding-files-using

Updating Media
/services-technologies/how-tos/drupal-enterprise-7-updating-media

Removing media

Deleting Media From Your Site
