</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>All Job Activity, or Jobs with a Status of ‘Terminated’, ‘Failed’ or ‘Unknown’ can be reviewed using the respective ‘Job Status View’. Go to the ‘Main’ tab and select the ‘Name’ hyperlink in the ‘Job Status Views’ section to view the results. (This example will use the ‘All Job Activity That Did Not Complete’ view.)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Step</th>
<th>Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td>2</td>
<td>Once a ‘Name’ hyperlink is selected, a new ‘Job Status: Jobs’ window will open. If you wish to view more information regarding a failed job, select the ‘job’ hyperlink. Note: The ‘Joid’ is the Job ID. This number identifies the Job; and acts as the join to the various job records within AutoSys.</td>
</tr>
</tbody>
</table>

![Image of Job Status: Jobs with specific job details]
### Step 3

Selecting the ‘Job’ hyperlink allows for review of the Job. Note the exit code of ‘10’ in this example.

Should you wish to see details regarding this specific job run, select the ‘Job Runs’ hyperlink or scroll to the bottom of the page.

<table>
