# secure U

Tips to protect your laptop and the valuable information on it.

Treat it like cash.

Password-protect it. Encrypt it.

Keep passwords somewhere else.

Consider an alarm or security cable.

Don't leave it
in the car.

At the library.
In your residence hall.
At coffee shops or cafes.

Don't leave
your items
unattended!

Consider carrying it
in something
other than a
laptop case.
